### Relationships and Services

| What investment services and advice can you provide me?   |
|---|
| <b>Services:</b> We offer investment advisory services to retail investors. These services include investment management. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.  |
| <b>Accounts, Investments, and Monitoring:</b> We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, and options. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.   |
| <b>Investment Authority:</b> We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients. |
| <b>Account Minimums &amp; Other Requirements:</b> We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.   |
| <b>Additional Information:</b> For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm’s <a href="#">Investment Adviser Public Disclosure Page</a> .  |
| <b>Conversation Starters:</b> <i>Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i>  |

### Fees, Costs, Conflicts, and Standard of Conduct

| What fees will I pay?  |
|--|
| <b>Asset-Based Fees:</b> Our asset-based fees for investment management range from 0.75% to 2.00% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees.                                  |
| <b>Wrap Fee Program:</b> In our wrap fee program, we pay all transaction costs charged by your account custodian. Our fee may be higher than a comparable service that requires you to bear your own trading costs.  |
| <b>Other Fees &amp; Costs:</b> Client accounts may also be subject to other expenses not under the control of the adviser. These include custodial charges and investment management and other fees charged by ETFs, money market funds, or mutual funds that you own in your account.   |
| <b>Additional Information:</b> <b>You will pay fees and costs whether you make or lose money on your investments.</b> Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s <a href="#">Investment Adviser Public Disclosure Page</a> |
| <b>Conversation Starters:</b> <i>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</i>  |

**What are your legal obligations to me when acting as my investment adviser?  
How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.*

Here are some examples to help you understand what this means. For example, Charles Schwab is the custodian we recommend to clients. They provide you access to a wide range of investments but they also offer PWP other resources that help us develop our business. These resources may play a part in our choice of custodians. We address this conflict of interest by carefully vetting our custodians and providing clients a choice of custodians.

**Additional Information:** For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Our financial professionals are compensated based on an agreed-upon annual salary. This means financial professionals have an incentive to increase the asset size in the relationship.
